

**School Health and Safe Schools Advisory Council
Agenda
May 9, 2011**

The School Health and Safe Schools Advisory Council met on Monday, May 9, 2011 at 6:30 PM.

A sign in sheet is available for review upon request.

Health Fair/Blood Drive Report

Joanne Sullivan

Head Nurse, Joanne Sullivan reported on the success of the first annual Health Fair and Blood Drive held March 31, 2011 at MHS. Several area health providers, as well as student groups participated in the event. Games and activities were provided for the younger students to reinforce exercise and healthy attitudes. Parents were able to taste healthy foods as well as pick up information to encourage a healthy lifestyle. The council applauded all the hard work and planning by the nurses to make this a successful event.

Safe Schools Survey Results

Lisa Knight

The results of the Safe School Survey were discussed. Secondary students, teachers, and administrators were invited to participate in the voluntary, anonymous, online survey during the month of February. Participants reported feeling safe or very safe at school

Safe and Drug Free Program – A review of the District’s comprehensive Safe and Drug Free Program was given.

Bully Prevention update

Bully Prevention programs and strategies at all MISD campuses were discussed. The program is proactive and comprehensive.

Annual update/evaluation of current MISD Health programs and practices:

Diane Foster

CATCH

Health Curriculum (High School)- purchased new kits

Aim for Success student surveys

Fitness Gram Testing

Ms. Foster gave a summary of our current health programs including CATCH, High School Health Curriculum, Aim for Success and Fitness Gram Testing. New *Choosing the Best* Curriculum kits were purchased for our middle and high school campuses. Aim for Success student surveys were shared and discussed.
